

RIVER OF LIFE

Draw me to the River of Life
So I may drink and be satisfied
Called me out of darkness to light so I may see
Show me how to seek Your face
Help me to know You and Your ways
Draw me to the River, the River of Life

W: The journey has been long
Filled with sorrow and pain
My soul has become dry M: (Ooohh Ooohh)
From the barren winds of change (Ooohh Ooohh)
(M: So I look toward heaven)
In my time of need
You remind me of refreshing
That only you can bring

CHORUS

W: Sometimes I've lost my way
In the darkness of night
My spirit has grown weary M: (Ooohh Ooohh)
And I long to see the light (Ooohh Ooohh)
(M: Of a new day dawning)
Come shine upon my soul
I am waiting in your presence
So Father make me whole

M: I found joy within (W: I found joy)
Down by the river
I found joy within (I found joy)
By the river's side

I found peace within (I found peace)
Down by the river
I found peace within (I found peace)
By the river's side

M with Sopranos:
I found hope within (I found hope)
Down by the river
I found hope within (I found hope)
By the river's side

I found life within (I found life)
Down by the river
I found life within (I found life)
By the river's side

CHORUS
